WIZARD OF OZ

Down the Yellow Brick Road, to the merry old land of Oz. It was a rough beginning with after-school rehearsals, weekend run-throughs, lunchtime tech meetings. It seemed as if some of us never left, like Ed, and Blair who even slept in the Auditorium. But those who thought the beginning was bad, found January even worse, as it was discovered that not only were the actors not ready, but neither were tech and stage crew. However thanks to John Hoskins, Mr. Tenus, and Blair, the actors got their act together. Thanks to people like Ginny, Ed and Alex, the tech stuff even eventually worked out. Then came the shows, twelve in less than a week. Could we do it? We were not sure, but thanks to lots of effort from the actors, a lot of make-up, a lot of patch cords and gather tape, it finally came off. And what a show it was! Almost all of the shows were sold out, and even though the audience didn't understand some of the jokes, we could tell they loved it.

It seemed as though performance week had just started when the last show rolled along, and all that was left were a few parties, but boy, did we party! The cast party was a blast, but before it ended we realized the play was all over, and not just a few tears fell. P.S. Where are the chickens? P.P.S. Got it! P.P.S.S. Has anyone seen the noose? P.P.P.S.S. Did Dorothy ever really make it to Kansas?

*This Book Is Dedicated to
Mrs. Elaine McCuaig and Mrs. Philomena Buckley
for Their Many Years of Service
to Lawrence Park C.I.*

Mrs. Elaine McCuaig

Mrs. Elaine McCuaig came to Lawrence Park in September 1963 and served in the Library and Guidance offices before her appointment as Assistant Secretary in February 1979.
